Brought to you by The-Whole-Truth.com where you get *The Truth, The Whole Truth and Nothing But The Truth About Internet Marketing*.

There are two models used in selling affiliate products.

MODEL A: The Typical Affiliate Sales Process

- You are paying to give your affiliate names and emails.
- You lose the follow up opportunity.
- The target site can follow up with products that you make nothing on.
- There is always the possibility of error and you don't get credit.
- What if the visitor doesn't buy or opt in ...you both lose.

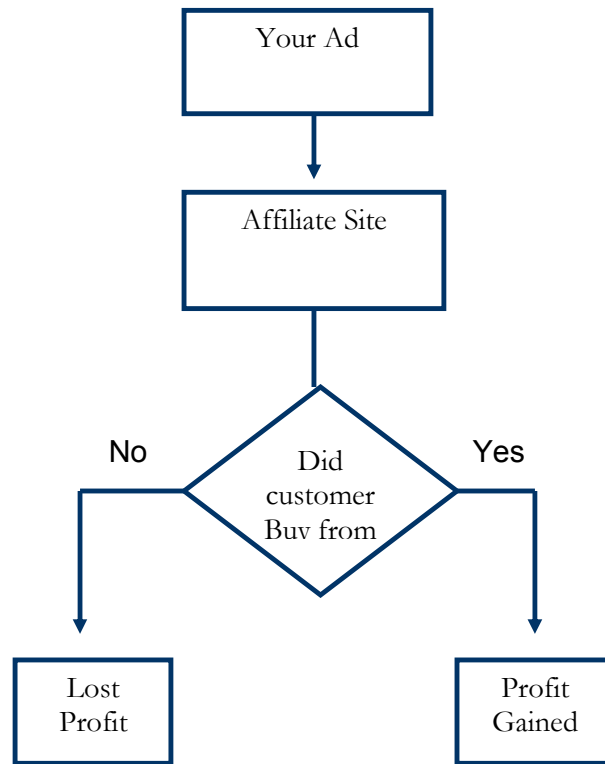

MODEL B: The Accelerated Affiliate Sales Model

- ✓ Maximizes your ad dollars!
- ✓ Maximizes your ad exposure!
- ✓ Our testing shows 75% of visitors go all the way through to target site!
- ✓ Builds your opt-in list quickly!
- ✓ Captures highly targeted qualified names and emails!
- ✓ Sets up your follow up process for relationship building!
- ✓ Positions you for higher affiliate sales!

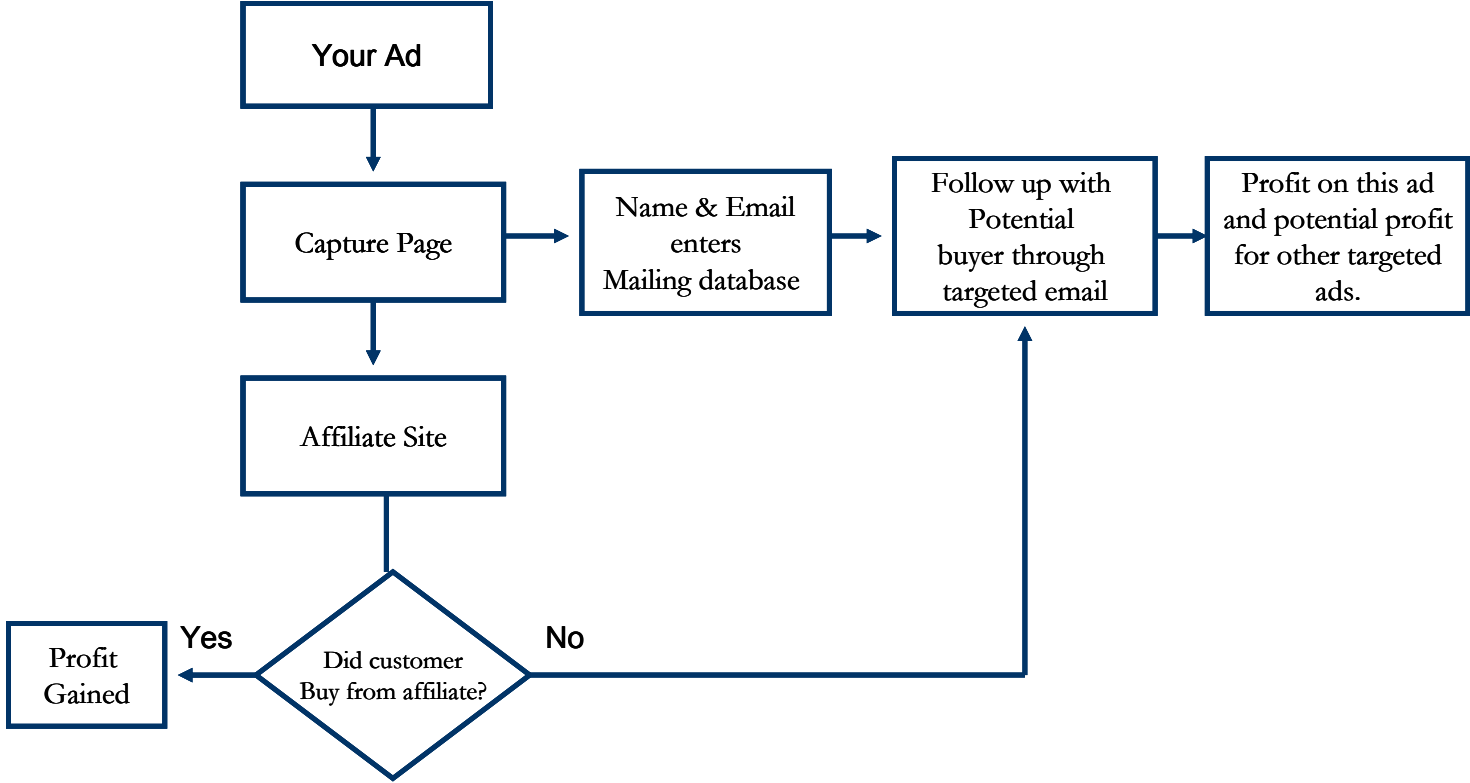

The Accelerated Process

1. Your affiliate product ad (ezine, solo, classified, etc)
2. Your capture page reinforces the ad and offers an additional bonus (which is your story of success with the affiliate product)
3. The thank you page of the opt-in form is the affiliate site.
4. Prospect is at the affiliate site and also gets your story of success to increase the credibility of the affiliate program.
5. You now have the prospects name, email and market interest to follow up with the same and similar products that led to the opt-in.
